

# SPORT AND EVENT MEDIA, BA

## Overview

The Bachelor of Arts degree in Sport & Event Media prepares students to learn both the front-facing strategic media side of content creation as well as the behind-the-scenes operations of sport and event management. Event management courses teach logistics, sponsorship, budgeting, and audience engagement — all skills media professionals benefit from. The result is expanded career paths and industry versatility for graduates as they will have career skills and options that reach beyond strictly media strategy and production to also include sports marketing, event coordination, and fan engagement roles.

## Degree Requirements

In addition to the requirements stated below, students must complete an additional 31-32 hours of General Education (<https://catalog.washburn.edu/undergraduate/programs-degrees-graduation-requirements/general-education-requirements/>), all requirements for a Bachelor of Arts (<https://catalog.washburn.edu/undergraduate/college-arts-sciences/degrees/bachelor-arts/>) degree, and any additional hours needed to reach the minimum 120 credit hours required for graduation. Some of the courses below may also fulfill general education or other degree requirements. Please see your advisor for more information.

A minor (or certificate) is required for all Sport and Event Media majors. Minors and certificates vary in credit hours but most are between 15-18 credit hours. Students with a double major do not have to complete a minor. The Department of Kinesiology's Minor in Coaching as well as other interdisciplinary minors (outside of the Sports & Media Minor) are acceptable options that can also fulfill the minor requirement.

Code	Title	Hours
<b>Required Math Gateway Course</b>		
MA 112	Contemporary College Mathematics <sup>1</sup>	3
<b>Required Courses Inside Mass Media Department</b>		
MM 155	Sports and the Media	3
