

RESPIRATORY THERAPY, AAS

The Respiratory Therapy program leads to an Associate of Applied Science (AAS) degree in Respiratory Therapy. Upon completion of the program, students are eligible to take the national credentialing examination to become a Registered Respiratory Therapist (RRT). The program features general educational and science prerequisites, as well as respiratory therapy courses. Interested students are required to make application for admission to the Respiratory Therapy Program. Eighteen students are accepted for the fall of each year.

Program Mission

The Respiratory Therapy program is focused on development of qualified graduates who are prepared to provide the essentials for the safe and effective delivery of respiratory care and patient education.

Program Goals

The Respiratory Therapy program focuses on developing qualified graduates by preparing them to provide the essentials for the safe and effective delivery of respiratory care and patient education. The goal of the Respiratory Care program is to prepare graduates with demonstrated competence in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains of respiratory care practice as performed by registered respiratory therapists (RRTs). Professional competence combines cognitive, psychomotor, and affective skills essential for the safe and effective delivery of respiratory care. The Respiratory Care Program uses the outcome-based education model to ensure students develop and master the knowledge, skills, and professional behaviors expected of the registered respiratory therapist (RRT).

Washburn University Assessment – Program Student Learning Outcomes

Upon completion of the program students will be able to:

- PSLO 1: Demonstrate the ability to comprehend, apply, and evaluate medical information relevant to a registered respiratory therapist.
- PSLO 2: Demonstrate the technical proficiency in all skills necessary to function as a registered respiratory therapist.
- PSLO 3: Demonstrate professional behavior consistent with employer expectations as performed by registered respiratory therapists.

Accreditation

The Respiratory Therapy program is accredited by the Commission on Accreditation for Respiratory Care (www.coarc.com (<http://www.coarc.com>)).
