

# DESIGN TECHNOLOGY, AS

---

The Design Technology Associate of Science degree is offered with the Washburn Institute of Technology (Washburn Tech). Students who have completed all requirements of Washburn Tech's Engineering Drafting & Design program are eligible for this degree.

## Student Learning Outcomes

Students completing the associate degree in Design Technology, upon graduation, are expected to have:

- Demonstrated proficiency in the use of all technologies essential to the design concentration.
- Developed relevant design techniques to produce applied outcomes.
- Demonstrated professional applications in applied settings.
- Integrated skills and knowledge to situations or environments other than standardized classroom setting.

## Degree Requirements

### Engineering Drafting and Design Emphasis

This program requires completion of Engineering Drafting & Design from Washburn Tech certificate program, 34-35 hours of General Education (<https://catalog.washburn.edu/undergraduate/programs-degrees-graduation-requirements/general-education-requirements/>), and all requirements for a Design Technology Associate of Science (<https://catalog.washburn.edu/undergraduate/programs-degrees-graduation-requirements/university-requirements-common-all-associate-degrees/>) (AS) degree.
