IALERT

Washburn University has implemented iAlert, a mass message emergency notification system which significantly enhances our ability to maintain a safe academic environment for students, faculty and staff. Participation in the iAlert system is voluntary. It is the responsibility of the student to register for the free service and to keep the contact information up to date. For complete information on iAlert and details on how to register, go to washburn.edu/iAlert (https://www.washburn.edu/student-life/services/ialert/) or call 785-670-1154.
